

RMSD School Policies 2021-2022

COVID and Doing Our Part:

RMSD has implemented some changes to help give you peace of mind:

- RMSD has purchased two AP 3000 Air Scrubbers Systems to ventilate, clean and purify the air. Both systems cover over 3700 square feet of space. It is safe to breathe and will bring you and your dancer comfort while training and waiting in RMSD. If your dancer chooses to wear a mask while training she/he will be monitored very closely.
- Hand sanitizer is located in every door way. Dancers are asked to bring their own for allergy purposes.
- Parents are asked to pick up and drop off only. Parents of teen dancers are asked to text your dancer when you are in the parking lot.
- Parents with dancers ages 5 and younger are able to wait in the lobby and hallway while class is in session.
- Disinfecting by staff is done in-between classes.
- For any mandated government shut down, RMSD will continue to hold classes via zoom. Links will be provided on our private Facebook page. During this time all classes will be open to every dancer at no extra cost. No refunds will be given.

COVID and Doing Your Part:

- Please keep your dancer home if she/he is feeling sick: sore throat, fever, chest pains, stomach pains, trouble breathing, sneezing, coughing etc.
